

## IEA PVPS Task 13

### Subtask 2.2 Agrivoltaics

### Workshop on Legal Frameworks for Agrivoltaics in France, Germany, Italy, and Israel

The idea of combining agriculture and solar energy on the same piece of land has gained momentum globally. To promote the development of agrivoltaics, a growing number of governments around the world started to adjust the legal framework or implementing dedicated supporting schemes.

Within this workshop, experts from France, Germany, Italy, and Israel will provide an overview on the legal environment for agrivoltaics in their countries. This offers the opportunity of a fact-based discussion on the problems and potentials regarding the expansion of this technology today.

### Programme Outline

**Moderation: Max Trommsdorff, Fraunhofer ISE, Germany**

**Wednesday, 14 December 2022, 09:00-12:00**

**09:00-09:15**

**Welcoming and Short Introduction of IEA PVPS of Task 13 Subtask 2.2**

Max Trommsdorff, IEA PVPS Task 13 Subtask 2.2 Subtask Leader

**09:15-09:50 (25 min talk + 10 min discussion)**

**Legal Aspects for Agrivoltaics in France**

Bénédicte Laroze, KIAF, Germany

**09:50-10:25 (25 min talk + 10 min discussion)**

**Legal Aspects for Agrivoltaics in Germany**

Jens Vollprecht, BBH, Germany

**Break (10 min)**

**10:35-11:10 (25 min talk + 10 min discussion)**

**Legal Aspects for Agrivoltaics in Israel**

Mike Green, Arava EC&T Ltd, Israel

**11:10-11:45 (25 min talk + 10 min discussion)**

**Legal Aspects for Agrivoltaics in Italy**

Michele Pellegrino, ENEA and Francesca Tilli, GSE, Italy

*IEA PVPS Task 13 Task Manager:*

*Ulrike Jahn [Ulrike.Jahn2@vde.com](mailto:Ulrike.Jahn2@vde.com) & Boris Farnung [boris.farnung@vde.com](mailto:boris.farnung@vde.com)*

**11:45-12:00**

**Wrap-up & Closing**

Max Trommsdorff, IEA PVPS Task 13 Subtask 2.2 Subtask Leader
